SNAPFRAMES

25mm Snapframes

Mitred Finish

32mm Snapframes

Mitred Finish

→ The classic snap frame has been around for years, but still offers the best value for money on the market.

It comes in 25mm and is in a silver anodised finish.

Standard specifications:

- Silver Anodised finish
- 400 micron PVC front sheet
- Comes with screws and raw plugs
- All units come individually bagged, individually boxed, and also outer boxed in 5's / 10's

Sizes available:

A5 | A4 | A3 | A2 | A1 | A0 | B1 | B0 | 20x30" | 30x40" | Other sizes / colours on request

→ Large size snap frames need a bigger profile, so we use the 32mm profile snap frame which offers more strength to the frame for bigger size frames.

This frame size is important when you go to the larger sizes such as 30/40", A0, and 40/60" frames.

These snap frames are perfect for indoor and outdoor use, and are a cheap way of displaying posters, but also with a quality finish.

Standard specifications:

- Silver Anodised finish
- 400 micron PVC front sheet
- Comes with screws and raw plugs

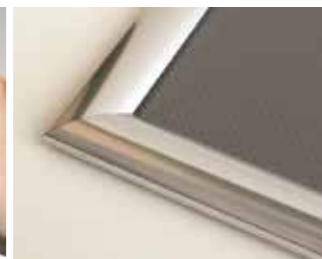

Sizes available:

A4 | A3 | A2 | 20x30" | A1 | 30x40" | A0 | 40x60" | B1 | B0 | 1200x1800mm
Other sizes / colours on request

Snap open all 4 sides for poster change

Comes with screw kit and allen key

Waterproof Snapframes

Rubber sealed

Locking Waterproof Snapframes

Waterproof Snap frames are a new innovation in snap frame systems. It takes a normal snap frame, but includes a water-tight, rubber seal around the inside of the frame to help protect the poster from the elements.

Snap frames are not normally ideal in outdoor situations, however the waterproof snap frame changes this. So now waterproof snap frames can go outdoors and be weather resistant.

Made from silver anodised aluminium, then a rubber section in the centre of the frame to go around the poster. Once your poster is in, then the PVC cover goes on top, and then the aluminium section 'snaps' back down to create the seal.

Standard specifications:

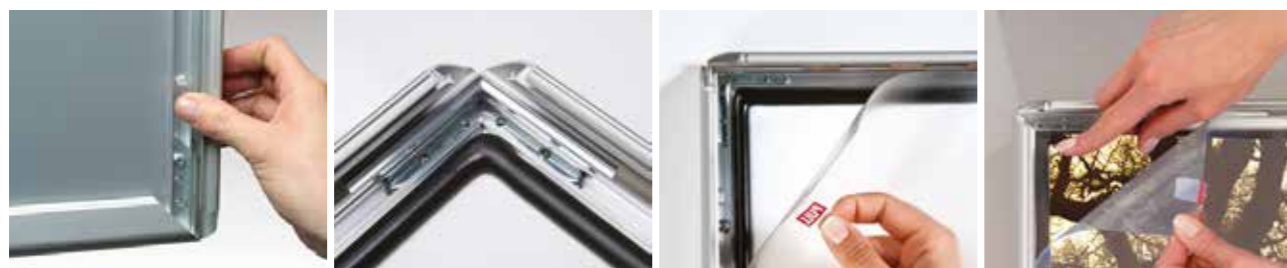

- Silver Anodised finish
- Special extrusion shaped to help with water resistance
- Rubber seal built into the snapframe
- 400 micron PVC front sheet
- Comes with screws and raw plugs

Sizes available:

A4 | A3 | A2 | A1 | A0 | 35mm – 30x40" | 35mm 40x60"

- Outdoor wall mounted waterproof lockable snap frames all sizes including A0 size.
- Exterior weatherproof poster frames A4 to 40 x 60" with locking sides with a waterproof seal, and a locking allen key system, which locks all 4 sides of the snapframe.

Easy open with hand or tool

PAVEMENT SIGNS

Snapframe A-Board

Silver

The Snap frame A-Board is one of the leading, yet cost effective pavement signs on the market. It is of a top quality, with a rock bottom price.

The snap frame a-board has a tough aluminium frame, and strong legs to make it an excellent choice for a budget pavement sign. It has anti-glare PVC covers to hold your posters in and is available in many different sizes.

Standard specifications:

- Snap frame A-board Poster frame with a 32mm front opening profile
- Locking Stay Hinges
- Double Sided
- Weather resistant
- Profile: 32mm silver anodised profile
- Front Sheet: 0.4mm non-reflective PVC covers
- A1 height - 1445mm, A2 height 985mm

Sizes available:

ACRYLICS

Stand Up Sign Holders

Upright menu holders, sometimes called stand-up print holders, can be used double-sided. Simply insert two sheets back-to-back or a leaflet/menu printed on both sides.

These free-standing sign holders are manufactured from high quality materials, and finished with polished edges. (Edge polishing, also known as flame polishing, replaces the dull edge you get when cutting plastic with a shiny polished edge).

Sizes available:

A4 | A5 | Other sizes, finishes on request

Slanted Sign Holders

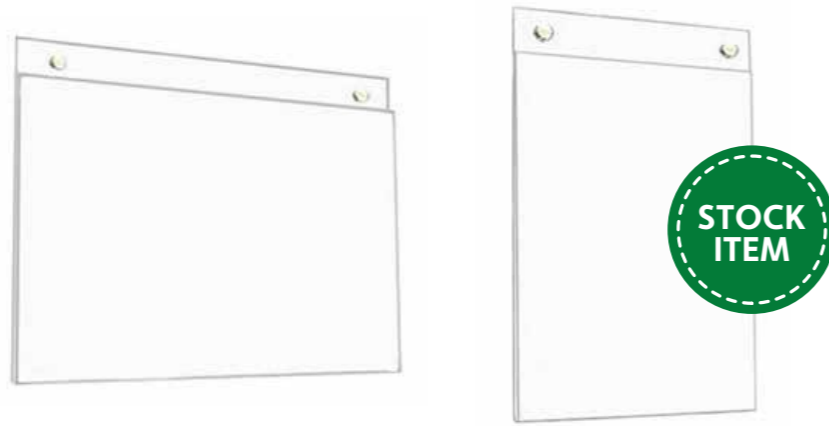

Slanted menu holders, sometimes called lean back print holders, are a single sided holder. The print is angled for convenient viewing. Lean-back print holders are the best choice for low tables or when viewed by people standing up.

These free-standing sign holders are manufactured from high quality materials, and finished with polished edges. (Edge polishing, also known as flame polishing, replaces the dull edge you get when cutting plastic with a shiny polished edge).

Sizes available:

A4 | A5 | Other sizes, finishes on request

Wall Sign Holders

→ This A4 Portrait Wall Sign is ideal for displaying posters or information details in any reception or public area. For internal notices and signs. Drilled for wall mounting, loads from top. The optional adjustable bracket enables signs to hang from screens or partitions.

The crystal clear holder is ideal for internal signs and is pre drilled for easy wall fixing. Protect and display your information in this stylish signage holder.

Sizes available:

A4 Portrait | A4 Landscape | Other sizes, finishes on request

Standard Rigid Literature Holders

Standard specifications:

- Available in both portrait and landscape
- 2x Floor to Ceiling Cable Kit
- 4x Adjustable wall bracket
- 4x Single 4mm Cable System Grips – per Easy Access Poster Holder

Sizes available:

A4 x 3 | A3 x 2 | A2 x 1 | A1 x 1

Our clear acrylic photo frames are perfect for displaying art, photos, corporate front office messages, company logo's, award certificates, professional body membership certificates, fire and health and safety notices, promotional posters etc. They are particularly stunning on stair walls - a line of acrylic photo frames running parallel to the stair strings.

Stunning visual presentation. Very modern and professional looking. Crystal clear premium grade acrylic gives the impression that the images are floating on the wall. Premium acrylic is far clearer than glass and much safer as it doesn't shatter.

Each frame consists of 2 pieces of high quality acrylic (a backing sheet and a front cover) and four satin aluminium wall mounts (often called sign posts). Your poster/photograph/graphic is trapped between the two sheets of acrylic allowing for a rapid poster change should the need arise.

Diamond polished edges provide that light refraction and sparkly edge that only premium grade acrylic frames can provide. We provide various thickness of acrylic, depending on the size of the frame.

It also has non-mark rubber feet, for stability and protecting floor surfaces. It has 'scissor' locking arms so when fully open it holds in place very well.

Sizes available:

A4 | A3 | A2 | A1 | Other sizes, finishes on request

Wire system

Illuminated Menu Stand

→ Acrylic illuminated poster frame provides a very stylish way to present a menu, sign or brightly lit poster on an attractive floor stand. Adjustable for portrait or landscape use, this luxury lighted menuboard is stable and practical.

- The light-up poster frame has a subtle acrylic surround with the print area edged with a smart black border. When illuminated the rim of acrylic lights up creating a very appealing look.

- Behind the acrylic frame an LED powered panel lights up your message to make it stand out both by day and especially at night. Best results are achieved when your print is on backlit film but it also works with most poster papers (not card).

- The menu display stand has a curved leg and black base imparting a smart contemporary look. A special fitting behind the frame means it can be turned from portrait to landscape in moments - and locked securely in place.

Standard specifications:

- Beautiful acrylic illuminated menu board
- Ability to be A4 portrait or A4 landscape
- LED powered lighting panel
- Plugs into standard UK socket
- Attractive curved leg display
- Fret cut lettering to front face
- Big top versions to take vinyl lettering

ROLLER BANNERS AND BARRIERS

STOCK ITEM

Cubic Roller Banner

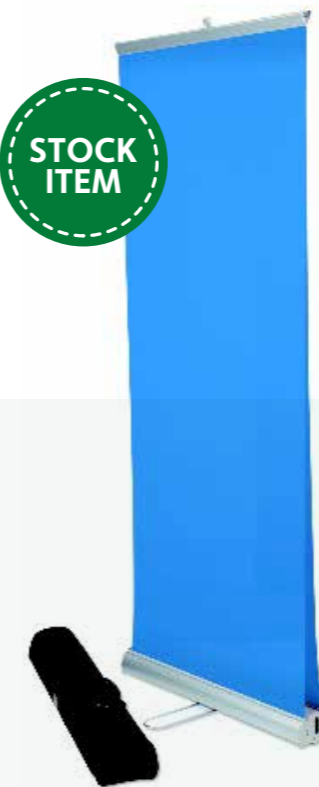

The roller banner stand is our fastest assembling banner stand and fantastic value. This banner stand comes complete with its own carry case making this a truly portable banner display.

We can supply this with or without the printed banner. If you want a printed banner but you don't have your own artwork, our design team can create this for you.

Standard specifications:

- Extruded aluminium base and top
- Roller system for fast assembly and safe storage
- Telescopic support pole
- Carrier case
- 800mm / 850mm / 1000mm width available

STOCK ITEM

Double Sided Roller Banner

The double sided roller banner stand is our fantastic way of displaying as much information as possible, in a tiny footprint. This banner stand comes complete with its own carry case making this a truly portable banner display. We can supply this with or without the printed banner. If you want a printed banner but you don't have your own artwork, our design team can create this for you.

Standard specifications:

- Extruded aluminium base and top
- Roller system for fast assembly and safe storage
- Telescopic support pole
- Carrier case
- 800 x 2000mm - Double Sided

Premium Roller Banner

➔ A high quality banner stand. Unlike many cheaper versions, the premium banner stand has an anti-slip base, adjustable height telescopic pole and comes with a luxury carry case. One of the main benefits of this product is that it has a mechanical hanger, which means you can use the stand over and over again with new banners. Many banner stands just use double sided tape at the top to hold your banner - not this unit!

Standard specifications:

- Visible graphic size to max. 2100mm
- Adjustable height of banner
- Anti-slip base
- Reusable hangers
- Luxury carry bag
- 800mm x 2100mm

Sizes available:

800mm | 850mm | 1000mm

Easy poster change

Comes with carry case

Available printed

Telescopic support pole

QUICK BANNER SPARE BAGS

➔ The quick banner is an ideal, lightweight banner frame solution. With snapframe clamps at the top and bottom, this display makes displaying your banner simple and effective. All comes in easy to fit poles, which come with a cloth bag.

Standard specifications:

- Sizes 600mm width and 800mm width available
- Height 2m
- Easy to setup
- Comes with carry bag
- Banner not included

Sizes available:

600 x 2000mm
800 x 2000mm

Snap-open profile

Lightweight poles

Ideal for banners

Easy to install

Banner Outdoor Frame

→ A large format double-sided outdoor 'A' frame banner, made from lightweight aluminium, ideal for use with PVC eyelet banners. It's unique as it can be used for single sided, but also double sided display.

Standard specifications:

- Natural finish 25mm square aluminium tubes with reinforced plastic moulding
- Available in 2 landscape formats
- Easy push-fit assembly with flush-fit joining – no tools necessary
- Graphic secured with adjustable looped elastics
- Supplied complete with guide pegs
- Includes carry bag

Sizes available:

- Café Barriers are available with either PVC, PVC Mesh or Canvas Banner materials
- A café barrier set consists of - One banner, two cross bars and two posts
- Pole Height Including Base: 950mm
- Header Diameter: 60mm
- Pole Diameter: 51mm
- Base Diameter: 300mm
- Base Height: 40mm
- Ring Diameter: 105mm
- Available with either PVC, Mesh or Canvas Banner

Sizes available:

Beam width 1.2m | 1.5m | 2m

Strong chrome poles

Bungee cord for flexibility

Internal Use

External Use

Rope and Pole

→ Strong, durable exhibition and event queue guidance system.

Standard specifications:

- Rope available in red, burgundy, blue or black
- Metalwork in black or polished chrome finish
- Comes with 2 posts, and 1 rope, which is 1.5m long

Retracting Tape and Poles

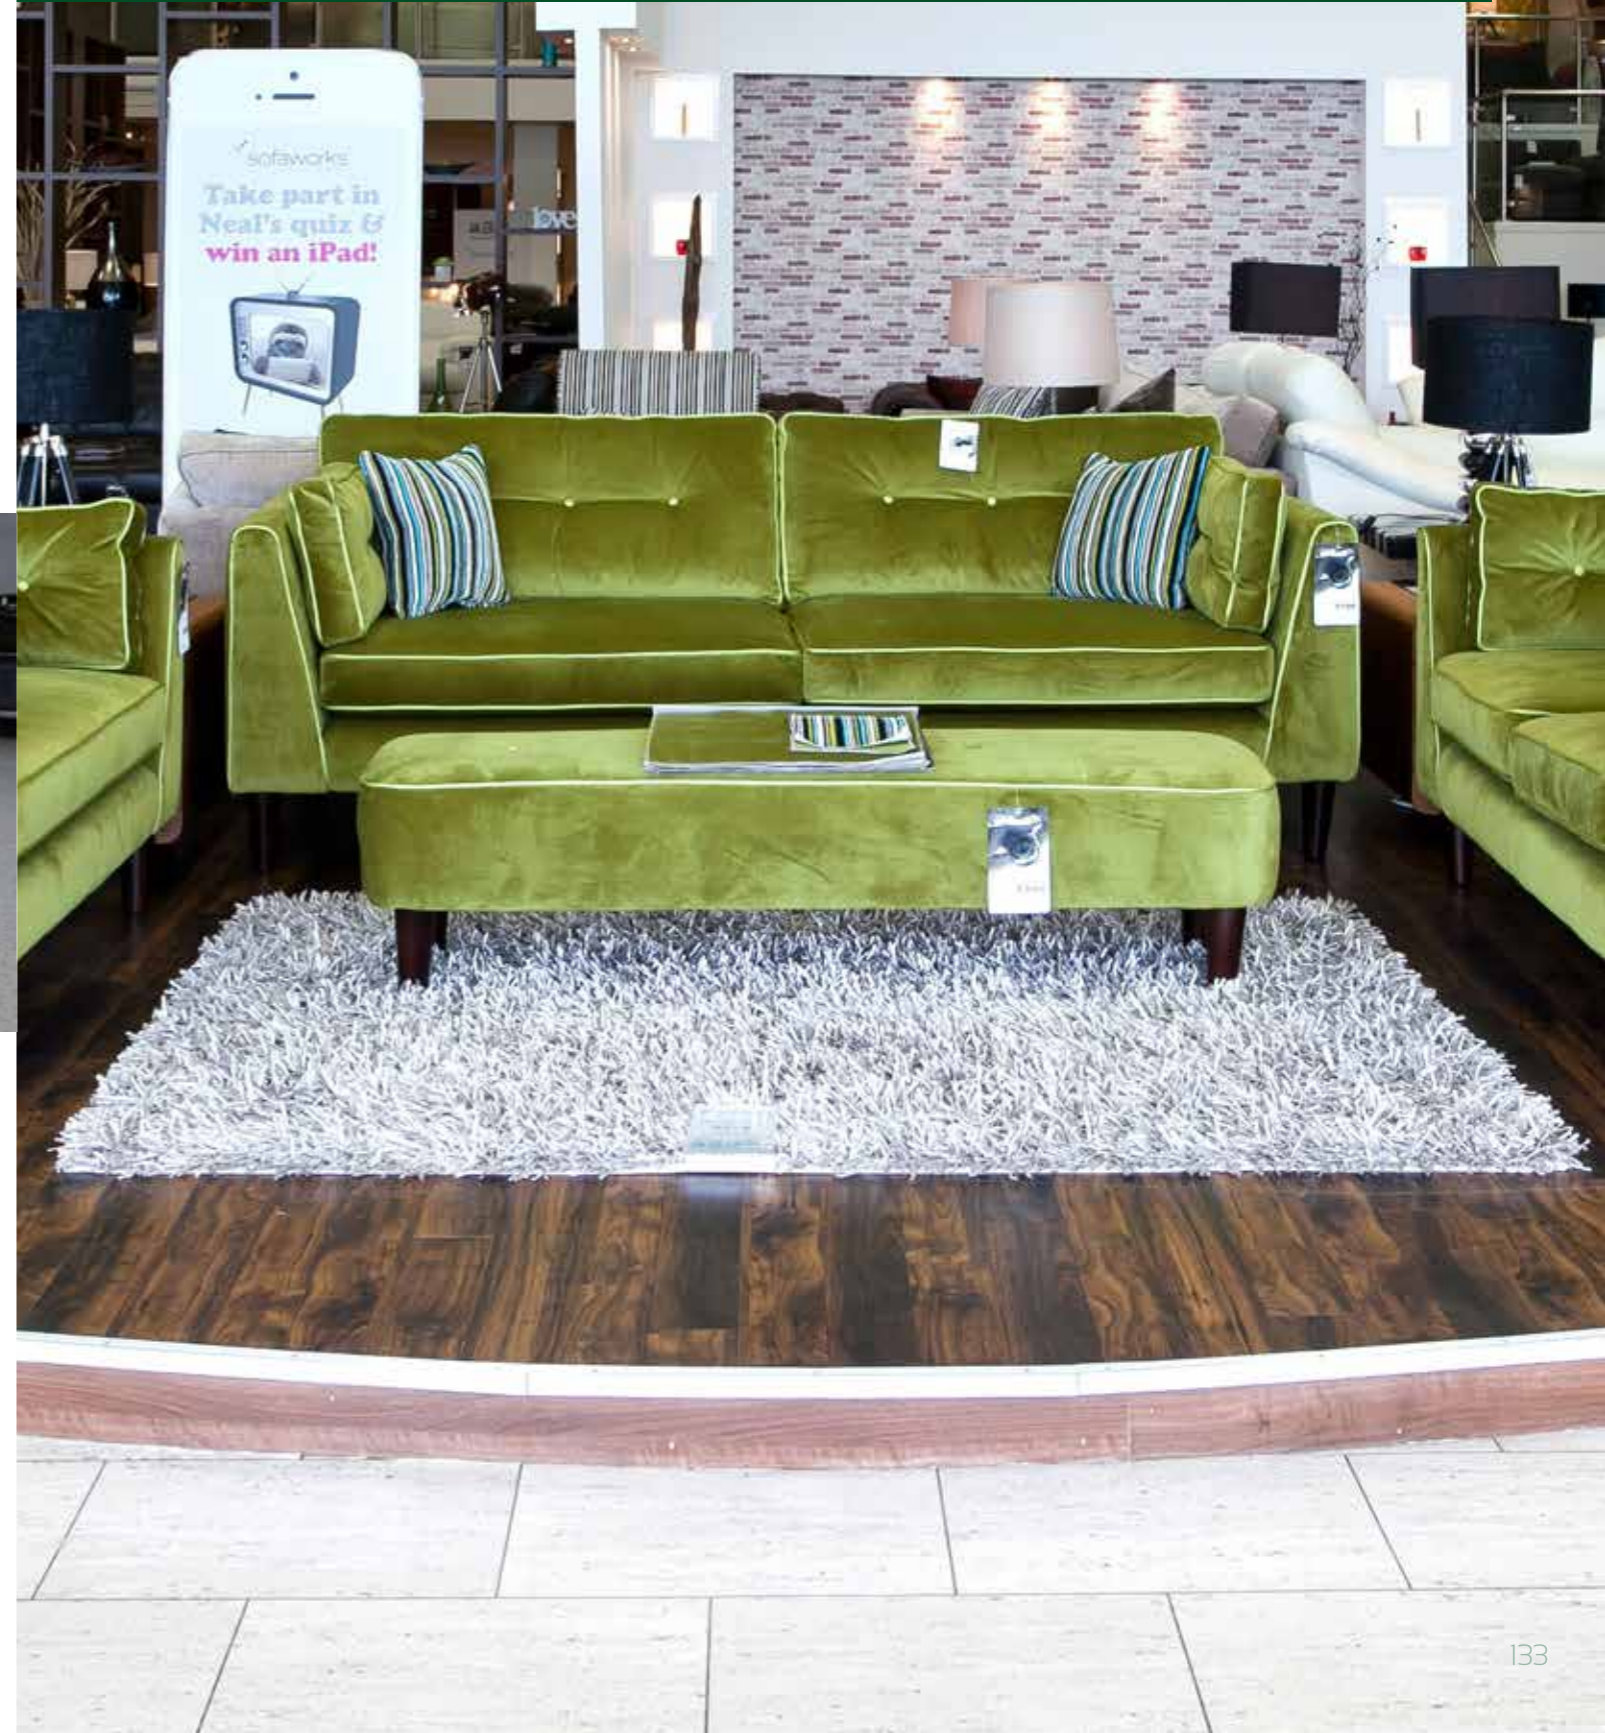

→ With built in tape systems which extend to 2 metres, are post systems are great value for your business.

The posts are 1 metre tall, and have anti-slip bases, but are heavy duty units. Each post has a 2 metre black retractable webbing, which can be connected four ways to each post. It's ideal for enclosing sections or areas off.

BESPOKE DESIGN

➔ We offer all aspects of print services. We can do a simple run of posters; or we can print a full retail solution. We have capabilities to offer:

- Screen printing
- Litho / UV Litho printing
- Digital

We can print on a huge variety of substrates – from wood, to metal, to plastic and anywhere in between. We are specialists in large light box skin print too.

Also – we can offer bulk print solutions at very competitive prices. For example brochure printing, large poster printing etc.

➔ We have a creative and professional graphic design capability which specialise in all aspects of graphic design including:

- Corporate identity and brand identity design
- Logo design
- Business card design
- Letterhead design
- Brochure design
- Leaflet design
- Advertisement design
- Design of exhibition stands and marketing materials

Our creative graphic designers are always on a passionate pursuit of innovative design solutions for our clients needs.

We help our clients tailor and deliver their most important messages to their customers through innovative thinking, use of advanced graphic design technology, and of course by utilising the skills of our talented graphic designers.
